## PRIVACY SET

**Locking/unlocking**  
Simply push in the pin located on the internal rose to lock the external lever. To unlock pull pin back out or operate the lever.

**In case of an emergency**  
Insert a long narrow object into the small round hole on the external rose to push the locking pin out.

## SPECIFICATIONS

Making a statement doesn't get any easier when selecting from the Sabre R53 Series Stainless Steel designer range of levers and accessories. The range provides a generous selection of designs for both commercial and residential applications including options for accessible compliance. Engineered to exceed 500,000 cycles gives the end user peace of mind knowing their purchase is backed by a 10 year

mechanical warranty. The R53 Series is made from durable and low maintenance 304 stainless steel which is aesthetically appealing for the home or office. The rose size has carefully been considered to be matched with industry leading brands of commercial mortice locks and combined with Sabre's high quality tubular latches and privacy bolts.
