# 8835 GLASS PATCH DOOR CLOSER

## SPECIFICATIONS

The Sabre 8835 Patch Door Closer includes world-wide patented technology. This unique glass door closer has been designed to keep installation easy and compact. The hydraulic mechanism is highly efficient whilst remaining visually appealing. Alignment of the door is simple, including valve controls for strength, closing and latching

speeds. The 8835 Glass Patch Door Closer is simple to maintain and keep clean which is ideal in areas where hygiene is important. Ideally suited for office fit-outs, swimming pool gates or simply where glass door applications are specified. Note: Top Pivot not supplied with product.
