SABRE[®]

ARCHITECTURAL

As a brand, Sabre Hardware has been a part of the architectural construction supply landscape for over 40 years. Originally launched by Specialty Hardware in Sydney, Sabre became part of the family-owned Access Hardware Group in 2010, facilitating more product investment and development to meet changing market demands.

Our strategic partnerships with manufacturers in the United States, China, Taiwan and Australia have been a cornerstone of our ability to meet customer needs. We will continue to invest in these partnerships to deliver on our mission statement; to always strive to offer quality hardware solutions at the right price. Before a product is branded Sabre, it is rigorously tested to ensure it meets market expectations.

The Sabre product range covers common product categories such as door controls, locksets, entrance handles, general hardware and commercial washroom equipment. Sabre branded products are dispatched daily to all states and territories around Australia.

LEVER ON ROSE

SUITABLE FOR USE IN
COMMERCIAL AND
RESIDENTIAL APPLICATIONS

Making a statement doesn't get any easier when selecting from the Sabre R53 Series Stainless Steel designer range of levers and accessories. The range provides a generous selection of designs for both commercial and residential applications including options for accessible compliance. Engineered to exceed 500,000 cycles gives the end user peace of mind knowing their purchase is backed by a 10 year mechanical warranty. The R53 Series is made from durable and low maintenance 304 stainless steel which is aesthetically appealing for the home or office. The rose size has carefully been considered to be matched with industry leading brands of commercial mortice locks and combined with Sabre's high quality tubular latches and privacy bolts.

- 53mm diameter x 10mm rose
- Non handed (site adjustable)
- Suitable for doors between 34mm to 50mm in thickness
- Tested for durability for up to 500,000 cycles

SUITABLE FOR USE IN
COMMERCIAL AND
RESIDENTIAL APPLICATIONS

When you require quality door furniture for your project or home it's difficult to go past the Sabre R65 lever on rose door furniture. Taking quality to the next level all R65 roses are manufactured from solid investment cast stainless steel with concealed fixing, satisfying those seeking the finer details of design and security and also offering AS1428 compliancy. Whilst the quality of the R65 lever on rose was to meet the needs of commercial applications, the 65mm rose diameter boasts the advantage of installation on new and existing residential doors with complimenting privacy sets. The Sabre R65 lever rose furniture can be combined with industry leading commercial mortice locks or Sabre's high quality tubular latches and privacy bolts. When it comes to matching accessories, you can choose from the wide selection of Sabre R53 round rose accessories.

NARROW PLATE SQUARE END FURNITURE

FOR USE WITH COMMERCIAL SHORT BACKSET MORTICE LOCKS

Sabre Narrow Plate Furniture has been engineered and manufactured from high quality materials and machining processes. The narrow plate design allows it to be combined with many of Australia's leading brands of commercial short backset mortice locks. The lever design and accessible turn snib meet AS1428.1 design requirements. Many hours of testing has gone into developing the product ensuring it can withstand the heavy demands of high use commercial doors. The range includes multiple plate options both external and internal for secure back to back fixing.

- Plate size 185mm x 26mm x 12mm
- Suitable for doors between 35 and 50mm in thickness
- Tested for durability for up to 300,000 cycles
- Non handed lever
- Back to back fixing

WIDE PLATE SQUARE END FURNITURE

FOR USE WITH COMMERCIAL MORTICE LOCKS

The Sabre range of high quality investment cast stainless steel wide plate furniture combines functionality and durability. Tested and designed to withstand commercial and industrial applications with a variety of plate options to choose from. Stainless steel is the preferred choice as there is no requirement for further plating processes that can be found harmful to the environment.

Sabre wide plate furniture can be used with most leading brands of commercial mortice locks and can be used in the majority of retro-fit situations..

- Plate size 168mm x 48mm x 11.5mm
- Suitable for doors between 34mm and 50mm in thickness
- Non-handed lever (accessible turn functions are handed)
- Tested for durability for up to 500,000 cycles
- Manufactured from 304 grade stainless steel
