

Entrance Handles

SABRE[®]

ARCHITECTURAL

As a brand, Sabre Hardware has been a part of the architectural construction supply landscape for over 40 years. Originally launched by Specialty Hardware in Sydney, Sabre became part of the family-owned Access Hardware Group in 2010, facilitating more product investment and development to meet changing market demands.

Our strategic partnerships with manufacturers in the United States, China, Taiwan and Australia have been a cornerstone of our ability to meet customer needs. We will continue to invest in these partnerships to deliver on our mission statement; to always strive to offer quality hardware solutions at the right price. Before a product is branded Sabre, it is rigorously tested to ensure it meets market expectations.

The Sabre product range covers common product categories such as door controls, locksets, entrance handles, general hardware and commercial washroom equipment. Sabre branded products are dispatched daily to all states and territories around Australia.

5 Year Mechanical Warranty

AS1428.1 Compliant

Made from 304 Stainless Steel

ENTRANCE HANDLES

SUITABLE FOR TIMBER, ALUMINIUM AND GLASS DOORS

The Sabre range of Entrance Handles are ideal for making those first impressions last. Made from durable and corrosion resistant 304 stainless steel material, there is sure to be one that suits your requirements.

Most designs are available in various sizes and come complete with all relevant fixing screws to suit your application. Special fixing options are also available to suit single sided fixing solutions.

Note: All handle sets come complete with 2 x 100mm, 2 x 50mm M8 bolts and protective washers to suit.

- Constructed from quality 304 stainless steel
- Back to back fixing as standard (other options available)
- Suitable for timber and aluminium doors up to 50mm thick
- Suitable for glass doors between 10-12mm thick
- Suitable for commercial and industrial applications
- 12mm diameter hole for glass installation
